

Maintenance Tips

In order to maintain your warranty, please follow these care instructions:

- After each use, rinse with water and wipe down your enclosure with a soft cloth/towel or squeegee to maintain that like new look.
- The glass should be regularly cleaned using a damp microfiber cloth and a mild detergent or cleaner to remove any soap scum and grime from the glass.
- We recommend Lysol Bathroom Cleaner as safe for shower doors, but please test any commercial cleaning solutions on an inconspicuous area before applying to the entire enclosure. Select cleaners without any harsh chemicals or detergents such as Naphtha, Hydrogen, Peroxide Solution (common household peroxide), Toluene, Ethyl Acetate, Lye (common in drain cleaner) and Acetone. Be sure to rinse all surfaces completely and wipe dry.
- Never use any abrasive material or harsh chemicals to clean surfaces and do not allow cleaners to soak on surfaces.
